Valuation of vehicles

Sec. 3. (a) As the basis for measuring the tax imposed by this chapter, the bureau shall determine the value of each vehicle as of the time it is first offered for sale as a new vehicle in Indiana. The bureau shall adopt rules for determining the value of vehicles, using the "factory advertised delivered price" or the "port of entry price".

(b) If the bureau is unable to ascertain a value by this method in respect to any vehicle or class of vehicles because the vehicle is a specially constructed vehicle or for any other reason, the bureau shall determine, from any information available, the true tax value subject to review and adjustment by the department of local government

finance.

(c) For each vehicle, beginning with the 1990 model year, the bureau shall reduce the value determined under subsection (a) or (b) by dividing:

- (1) the price determined under subsection (a) or (b); by
- (2) one (1) plus the average percentage increase in new automobile prices using the most recent annual reference to the Consumer Price Index for Private New Automobiles as published by the Bureau of Labor Statistics, United States Department of Labor.

Trailers; annual excise tax

Sec. 5.5. There is imposed an annual excise tax on trailers. The tax shall be paid at the same time the trailer is registered. Except for the amount of tax imposed, a trailer is to be treated the same as a vehicle for purposes of this chapter. The amount of tax owed for a trailer for a year is eight dollars (\$8). IC 6-6-5-6

Payment of tax; registration of vehicle

Sec. 6. (a) Except as otherwise provided in this chapter, the excise tax imposed under this chapter upon vehicles shall be payable for each registration year, by the owners thereof in respect to vehicles required to be registered for such registration year as provided in the motor vehicle laws of Indiana. Except as provided in section 7 of this chapter, such excise tax shall be due on or before the regular annual registration date in each year on or before which the owner is required under the motor vehicle registration laws of

Indiana to register vehicles and such excise tax shall be paid to the bureau at the time the vehicle is registered by the owner as provided in the motor vehicle registration laws of Indiana. Each vehicle subject to taxation under this chapter shall be registered by the owner thereof as being taxable in the county of the owner's residence. The payment of the excise tax imposed by this chapter shall be a condition to the right to register or reregister the vehicle and shall be in addition to all other conditions prescribed by law.

IC 6-6-5-6.7

"Passenger motor vehicle" and "truck" defined; credits for rental vehicles; inspection of records; penalty

Sec. 6.7. (a) As used in this section, "passenger motor vehicle" and "truck" have the meanings set forth for those terms in IC 9-13-2-123(a) and IC 9-13-2-188(a).

(b) Every owner of a passenger motor vehicle or passenger motor vehicles or of a truck or trucks who during a registration year regularly rents those vehicles or trucks for periods of under thirty (30) days to others in the regular course of the owner's business is entitled to a credit against the motor vehicle excise tax liability owed for those passenger motor vehicles or trucks for that registration year. The maximum credit an owner is entitled to claim against the tax owed for all those passenger motor vehicles and trucks for a registration year under this section equals the lesser of:

- (1) the total motor vehicle excise taxes due for those passenger motor vehicles and trucks for that registration year, before the application of the credit allowed by this section; or
- (2) the total auto rental excise taxes collected by the owner during the immediately preceding registration year.

(c) A passenger motor vehicle or truck is regularly rented by a person in the regular course of the person's business during a registration year if the passenger motor vehicle or truck is rented by the person to another person an average of ten (10) days each month of the registration year that the person owned the passenger motor vehicle or truck.

IC 6-6-5-7

Proration of tax; credits; refund for destroyed vehicle not replaced

Sec. 7. (a) In respect to a vehicle that has been acquired, or brought into the state, or for any other reason becomes subject to registration after the regular annual registration date in the year on or before which the owner of the vehicle is required, under the motor vehicle registration laws of Indiana, to register vehicles, the tax

imposed by this chapter shall become due and payable at the time the vehicle is acquired, brought into the state, or otherwise becomes subject to registration and the amount of tax to be paid by the owner for the remainder of the year shall be reduced by ten percent (10%) for each full calendar month that has elapsed since the regular annual registration date in the year fixed by the motor vehicle registration laws for annual registration by the owner. The tax shall be paid at the time of the registration of the vehicle.

(b) In the case of a vehicle that is acquired, or brought into the state, or for any other reason becomes subject to registration after January 1 of any year, then the owner may pay the applicable registration fee on the vehicle as provided in the motor vehicle registration laws and any excise tax due on the vehicle for the remainder of the annual registration year and simultaneously register the vehicle and pay the applicable registration fee and the excise tax due for the next succeeding annual registration year.

(c) Except as provided in subsection (f), no reduction in the applicable annual excise tax will be allowed to an Indiana resident applicant upon registration of any vehicle that was owned by the applicant on or prior to the registrant's annual registration period. A vehicle owned by an Indiana resident applicant that was located in and registered for use in another state during the same calendar year shall be entitled to the same reduction when registered in Indiana.

(d) The owner of a vehicle who sells the vehicle in a year in which the owner has paid the tax imposed by this chapter, shall receive a credit equal to the remainder of:

- (1) the tax paid for the vehicle; reduced by
- (2) ten percent (10%) for each full or partial calendar month that has elapsed in the registrant's annual registration year before the date of the sale.

The credit shall be applied to the tax due on any other vehicle purchased or subsequently registered by the owner in the same registrant's annual registration year. If the credit is not fully used and the amount of the credit remaining is at least four dollars (\$4), the owner is entitled to a refund in the amount of the unused credit. The owner must pay a fee of three dollars (\$3) to the bureau to cover costs of providing the refund, which may be deducted from the refund. The bureau shall issue the refund. The bureau shall transfer to the bureau of motor vehicles commission three dollars (\$3) of the fee to cover the commission's costs in processing the refund. To claim the credit and refund provided by this subsection, the owner of the vehicle must present to the bureau proof of sale of the vehicle.

(e) Subject to the requirements of subsection (g), the owner of a vehicle that is destroyed in a year in which the owner has paid the tax imposed by this chapter, which vehicle is not replaced by a replacement vehicle for which a credit is issued under this section, shall receive a refund in an amount equal to ten percent (10%) of the tax paid for each full calendar month remaining in the registrant's annual registration year after the date of destruction, but only upon presentation or return to the bureau of the following:

- (1) A request for refund on a form furnished by the bureau.
- (2) A statement of proof of destruction on an affidavit furnished by the bureau.
- (3) The license plate from the vehicle.
- (4) The registration from the vehicle.

However, the refund may not exceed ninety percent (90%) of the tax paid on the destroyed vehicle. The amount shall be refunded by a warrant issued by the auditor of the county that received the excise tax revenue and shall be paid out of the special account created for settlement of the excise tax collections under IC 6-6-5-10. For purposes of this subsection, a vehicle is considered destroyed if the cost of repair of damages suffered by the vehicle exceeds the vehicle's fair market value.

(f) If the name of the owner of a vehicle is legally changed and the change has caused a change in the owner's annual registration date, the excise tax liability of the owner shall be adjusted as follows:

- (1) If the name change requires the owner to register sooner than the owner would have been required to register if there had been no name change, the owner shall, at the time the name change is reported, be authorized a refund from the county treasurer in the amount of the product of:

(A) ten percent (10%) of the owner's last preceding annual excise tax liability; and

(B) the number of full calendar months between the owner's new regular annual registration month and the next succeeding regular annual registration month that is based on the owner's former name.

- (2) If the name change required the owner to register later than the owner would have been required to register if there had been no name change, the vehicle shall be subject to excise tax for the period between the month in which the owner would have been required to register if there had been no name change and the new regular annual registration month in the amount of the product of:

(A) ten percent (10%) of the owner's excise tax liability computed as of the time the owner would have been required to register if there had been no name change; and

(B) the number of full calendar months between the month in which the owner would have been required to register if there had been no name change and the owner's new regular annual registration month.

(g) In order to claim a credit under subsection (e) for a vehicle that is destroyed, the owner of the vehicle must present to the bureau of motor vehicles a valid registration for the vehicle within ninety (90) days of the date that it was destroyed. The bureau shall then fix the amount of the credit that the owner is entitled to receive.

Sec. 7.4. (a) The owner of a vehicle registered with the bureau is entitled to a refund of taxes paid under this chapter if, after the owner's regular registration date:

- (1) the owner registers the vehicle for use in another state; and
- (2) the owner pays tax for use of the vehicle to another state for the same time period which the tax was paid under this chapter.

(b) The refund provided under subsection (a) is equal to:

- (1) the annual license excise tax paid for use of the vehicle by the owner of the vehicle for the year; minus
- (2) ten percent (10%) of the annual license excise tax paid for use of the vehicle for each full or partial calendar month between the date the annual license excise tax was due and the date the owner registered the vehicle for use in another state.

(c) To claim the refund provided by this section, the owner of the vehicle must provide the bureau with:

- (1) a request for a refund on a form furnished by the bureau; and
- (2) proof that a tax described in subsection (a)(2) was paid.

As added by P.L.335-1989(ss), SEC.12.

(b) This section expires January 1, 2004.

As added by P.L.176-2001, SEC.1.

Tax credit or refund claims; inspection of records; improperly allowed claims

Sec. 7.7. (a) To claim a credit or a refund, or both, under this chapter, a person must provide a sworn statement to the bureau or to an agent branch of the bureau that the person is entitled to the credit or refund, or both, claimed by the person.

(b) The bureau may inspect records of a person claiming a credit or refund, or both, under this chapter to determine if a credit or refund, or both, was properly allowed against the motor vehicle excise tax imposed on a vehicle owned by the person.

(c) If the bureau determines that a credit or refund, or both, was improperly allowed for a particular vehicle, the person who claimed the credit or refund, or both, shall pay the bureau an amount equal to

the credit or refund, or both, improperly allowed to the person plus a penalty of ten percent (10%) of the credit or refund, or both, improperly allowed. The tax collected under this subsection shall be paid to the county treasurer of the county in which the taxpayer resides. However, a penalty collected under this subsection shall be retained by the bureau.

As added by P.L.335-1989(ss), SEC.13.

IC 6-6-5-8

Sec. 8. (a) The bureau shall include on all registration forms suitable spaces for the applicant's Social Security number or federal tax identification number, the amount of the registration fee, the amount of excise tax, the amount of credit, if any, as provided in section 5 of this chapter, and the total amount of payment due on account of the applicable registration fees and excise taxes upon the registration of the vehicle. The forms shall also include spaces for showing the county, city, or town and township and address of the place where the owner resides.

(b) The bureau shall list on all registration forms for vehicles prepared by it the amount of registration fees and taxes due. In addition, the bureau shall prepare by December 1 of each year a schedule showing the excise tax payable on each make and model of vehicle.

IC 6-6-5-9

License branches; administration and collection of taxes; bank or credit cards; report; distribution of credited delinquent taxes

Sec. 9. (a) The bureau, in the administration and collection of the annual license excise tax imposed by this chapter, may utilize the services and facilities of license branches operated under IC 9-16 in its administration of the motor vehicle registration laws of the state of Indiana. The license branches may be so utilized in accordance with such procedures, in such manner, and to such extent as the bureau shall deem necessary and proper to implement and effectuate the administration and collection of the excise tax imposed by this chapter. However, in the event the bureau shall utilize such license branches in the collection of excise tax, the following apply:

(1) The excise taxes so collected by each license branch, less any refunds made by the license branch, shall be deposited daily by the license branch in a separate account in a depository duly designated by the state board of finance. The county treasurer of the county for which the collections are due may withdraw funds from the account at least two (2) times each week. The county treasurer is responsible for the safekeeping and investment of money withdrawn by the county treasurer under this subsection. Before the eleventh day of the month following the month in which the collections are made,

the bureau of motor vehicles shall report the excise taxes collected and refunds made outside the county to the county treasurer of the county to which the collections are due and the refunds apply. The bureau shall forward a copy of this excise tax report to the county auditor of the county.

(2) A license branch shall each week forward a report to the county auditor of the county to whom the collections are due, showing the excise tax collected on each vehicle, each refund on a vehicle, and a copy of each registration certificate for all collections and refunds within the county.

(3) Each license branch shall also report to the bureau all excise taxes collected and refunds made under this chapter in the same manner and at the same time as registration fees are reported.

(4) Premiums for insurance to protect the funds collected by license branches against theft shall be paid by the bureau, except that the bureau may issue blanket coverage for all branches at its discretion. At the discretion of the bureau, the bureau may:

(A) self-insure to cover the activities of the license branches; or

(B) rather than purchase a bond or crime policy for each branch, purchase a single blanket bond or crime insurance policy endorsed to include faithful performance to cover all branches.

(5) If the services of a license branch are used by the bureau in the collection of the excise tax imposed by this chapter, the license branch shall collect the service charge prescribed under IC 9-29 for each vehicle registered upon which an excise tax is collected by that branch.

(6) If the excise tax imposed by this chapter is collected by the department of state revenue, the money collected shall be deposited in the state general fund to the credit of the appropriate county and reported to the bureau of motor vehicles on the first working day following the week of collection. Except as provided in subdivision (7), any amount collected by the department which represents interest or a penalty shall be retained by the department and used to pay its costs of enforcing this chapter.

(7) This subdivision applies only to interest or a penalty collected by the department of state revenue from a person who:

(A) fails to properly register a vehicle as required by IC 9-18 and pay the tax due under this chapter; and

(B) during any time after the date by which the vehicle was required to be registered under IC 9-18 displays on the vehicle a license plate issued by another state.

The total amount collected by the department that represents interest or a penalty, minus a reasonable amount determined by the department to represent its administrative expenses, shall

be deposited in the state general fund for the credit of the county in which the person resides. The amount shall be reported to the bureau of motor vehicles on the first working day following the week of collection.

The bureau may contract with a bank card or credit card vendor for acceptance of bank or credit cards. However, if there is a vendor transaction charge or discount fee, whether billed to the bureau or charged directly to the bureau's account, the bureau shall collect from the person using the card an official fee that may not exceed the highest transaction charge or discount fee charged to the bureau by bank or credit card vendors during the most recent collection period. This fee may be collected regardless of retail merchant agreements between the bank and credit card vendors that may prohibit such a fee. The fee is a permitted additional charge under IC 24-4.5-3-202.

(b) On or before April 1 of each year the bureau shall provide to the auditor of state the amount of motor vehicle excise taxes collected for each county for the preceding year.

(c) On or before May 10 and November 10 of each year the auditor of state shall distribute to each county one-half (1/2) of:

(1) the amount of delinquent taxes; and

(2) any penalty or interest described in subsection (a)(7);

that have been credited to the county under subsection (a). There is appropriated from the state general fund the amount necessary to make the distributions required by this subsection. The county auditor shall apportion and distribute the delinquent tax distributions to the taxing units in the county at the same time and in the same manner as excise taxes are apportioned and distributed under section 10 of this chapter.

IC 6-6-5-9.5

Excise tax replacement disbursement; calculation and procedure; transfers from state general fund

Sec. 9.5. (a) Before the twentieth day of each month the bureau shall do the following:

(1) Determine the amount of excise taxes that would have been collected for each county for the preceding month based on the tax rate schedule that was in effect on January 1, 1995.

(2) Determine and report to the auditor of state the difference between what was actually collected for each county for that month and what would have been collected at the January 1, 1995, rates.

(b) For the months of January through November, the auditor of

state shall determine a monthly uniform disbursement percentage to be applied in determining the amount of motor vehicle excise tax replacement money to be disbursed to each county. The monthly uniform disbursement percentage equals the quotient of the sum of the amounts transferred under IC 4-30-17-3.5 plus the amounts transferred under subsections (f) and (g) to the motor vehicle excise tax replacement account in the month of the bureau's report divided by the sum of the total differences for all counties, as determined under subsection (a) and identified in the bureau's report for that month.

(c) For December, the auditor of state shall determine an annual uniform disbursement percentage to be applied in determining the amount of motor vehicle excise tax replacement money to be disbursed to each county in December as an annual adjustment.

(d) The annual uniform disbursement percentage equals the quotient of the sum of the amounts transferred under IC 4-30-17-3.5 plus the amounts transferred under subsections (f) and (g) to the motor vehicle excise tax replacement account in the months of January through December divided by the sum of the total differences for all counties, as determined under subsection (a) and identified in the bureau's reports for the months of January through December.

(e) For the months of January through November, the auditor of state shall distribute to the county the amount of the difference determined under subsection (a) in the month of the bureau's report for that county, multiplied by the monthly uniform disbursement percentage for that month. For December, the auditor shall distribute to the county the total difference in the bureau's reports determined under subsection (a) in the months of January through December for that county, multiplied by the annual uniform disbursement percentage, less the amounts distributed to the county in January through November. However, the total distribution to a county in a calendar year may not exceed the total difference in the bureau's reports determined under subsection (a) in the months of January through December for that county in the year.

(f) The transfers under this subsection are in addition to the transfers required under IC 4-30-17-3.5 and subsection (g). Before the twenty-fifth day of each month, the auditor of state shall transfer from the state general fund to the state general fund motor vehicle excise tax replacement account sixteen thousand nine hundred seventy-four dollars (\$16,974). The transfers required under this subsection are annually appropriated from the state general fund.

(g) This subsection applies only after December 31, 1995, and applies only if insufficient money is available in the build Indiana fund to make the distributions to the state general fund motor vehicle excise tax replacement account that are required under IC 4-30-17-3.5. Before the twenty-fifth day of each month, the auditor of state shall transfer from the state general fund to the state general fund motor vehicle excise tax replacement account the difference between:

- (1) the amount that IC 4-30-17-3.5 requires the auditor of state to distribute from the build Indiana fund to the state general fund motor vehicle excise tax replacement account; and
- (2) the amount that is available for distribution from the build Indiana fund to the state general fund motor vehicle excise tax replacement account.

The transfers required under this subsection are annually appropriated from the state general fund.

(h) Any money remaining in the motor vehicle excise tax replacement account after the last county distribution in December shall be transferred to the build Indiana fund. The auditor of state shall make the distribution before the end of the month the auditor receives the bureau's report.

(i) The money needed for the distribution shall be withdrawn from the motor vehicle excise tax replacement account. There is appropriated from the state general fund motor vehicle excise tax replacement account, the amount needed to make the distributions required by this section.

(j) Distributions made under this section are considered motor vehicle excise taxes for purposes of allocating revenue among taxing units under this chapter.

Collection procedures; duties of county officials; distribution

Sec. 10. (a) The bureau shall establish procedures necessary for the collection of the tax imposed by this chapter and for the proper accounting for the same. The necessary forms and records shall be subject to approval by the state board of accounts.

(b) The county treasurer, upon receiving the excise tax collections, shall receipt such collections into a separate account for settlement thereof at the same time as property taxes are accounted for and settled in June and December of each year, with the right and duty of the treasurer and auditor to make advances prior to the time of final settlement of such property taxes in the same manner as provided in IC 5-13-6-3.

(c) The county auditor shall determine the total amount of excise taxes collected for each taxing unit in the county and the amount so collected (and the distributions received under section 9.5 of this chapter) shall be apportioned and distributed among the respective funds of each taxing unit in the same manner and at the same time as property taxes are apportioned and distributed. However, for purposes of determining distributions under this section for 2000 and each year thereafter, the state welfare allocation for each county equals the greater of zero (0) or the amount determined under STEP FIVE of the following STEPS:

STEP ONE: For 1997, 1998, and 1999, determine the result of:

- (i) the amounts appropriated by the county in the year from the county's county welfare fund and county welfare

administration fund; divided by

(ii) the total amounts appropriated by all the taxing units in the county in the year.

STEP TWO: Determine the sum of the results determined in STEP ONE.

STEP THREE: Divide the STEP TWO result by three (3).

STEP FOUR: Determine the amount that would otherwise be distributed to all the taxing units in the county under this subsection without regard to this subdivision.

STEP FIVE: Determine the result of:

(i) the STEP FOUR amount; multiplied by

(ii) the STEP THREE result.

The state welfare allocation shall be deducted from the total amount available for apportionment and distribution to taxing units under this section before any apportionment and distribution is made. The county auditor shall remit the state welfare allocation to the treasurer of state for deposit in a special account within the state general fund.

(d) Such determination shall be made from copies of vehicle registration forms furnished by the bureau of motor vehicles. Prior to such determination, the county assessor of each county shall, from copies of registration forms, cause information pertaining to legal residence of persons owning taxable vehicles to be verified from the assessor's records, to the extent such verification can be so made. The assessor shall further identify and verify from the assessor's records the several taxing units within which such persons reside.

(e) Such verifications shall be done by not later than thirty (30) days after receipt of vehicle registration forms by the county assessor, and the assessor shall certify such information to the county auditor for the auditor's use as soon as it is checked and completed. *(Formerly: Acts 1969, c.423, s.10; Acts 1971, P.L.74, SEC.1; Acts 1972, P.L.55, SEC.1.)
